

Aashik is responsible for bidding and execution of investment opportunities within the infrastructure business.

Prior to joining the Fengate Infrastructure team in 2017, Aashik was an associate at Evercore, an investment banking firm in New York. While at Evercore, Aashik worked on mergers, acquisitions and restructurings in the energy and power sectors, including the \$40 billion restructuring of Energy Future Holdings.

Aashik graduated magna cum laude from Columbia University, with a B.A. in Economics-Mathematics.
