

Scott Caverley is a senior professional on Fengate Real Estate's leadership team and is responsible for leading asset management, operations and leasing along with asset allocation and risk management strategies for the groups commercial portfolio and funds. Scott works closely with the group's investment and development teams to drive investment results, and he plays a key role in Fengate Real Estate's ESG program.

Scott brings over 20 years of real estate experience to the team. His broad commercial real estate background is rooted in his experience working within REIT, brokerage, government, developer and asset management organizations, all while working to foster strong relationships throughout the commercial real estate industry.

Scott holds a BA and MBA from the University of Western Ontario and is a licensed real estate broker in the Province of Ontario.
