

Jake is responsible for managing valuations, financial modelling, financial planning and compliance for Fengate's infrastructure portfolio. He works with the commercial and fund asset management teams to optimize asset and fund level performance.

Prior to joining Fengate in 2020, Jake held positions with BDO and EY within the audit and assurance groups covering several industries including investment funds, real estate and manufacturing.

Jake is a member of the Chartered Professional Accounts of Ontario and holds an Honours Bachelor of Business Administration from Wilfrid Laurier University.
