

Christine Avramovic is responsible for P3 infrastructure asset management. She oversees Fengate's P3 healthcare assets within British Columbia including Surrey Memorial Hospital's Critical Care Tower and the Jim Pattison Outpatient Care and Surgery Centre.

Christine joined Fengate in 2016. Previously with Fraser Health, Christine has spent her career working in residential care, facilities planning, and P3 management with a focus on strategic planning and the operations of public sector projects.

Christine holds a Project Management Diploma from Langara University in British Columbia and is a credentialed PMP.
